

# SystemFile Lockers

Specification

**BISLEY**

SystemFile Lockers offer high density storage that can be locked independently to keep personal items secure. All SystemFile personal storage integrates seamlessly with all other products within the range.

SystemFile's Lockers give agile workers a secure, personal space to put their belongings, with cupboards to store coats, bags and umbrellas - all contributing to a relaxed, clutter-free workspace.

## Features & Benefits

All units are 470mm deep and have been designed to fit A4 binders, lateral and suspension filing.

Levelling feet included as standard.

All units have AB locks, key locking and M3 locks available as standard with alternative locking options available.

Flush fronted, double skin doors.

Postal slot doors available.

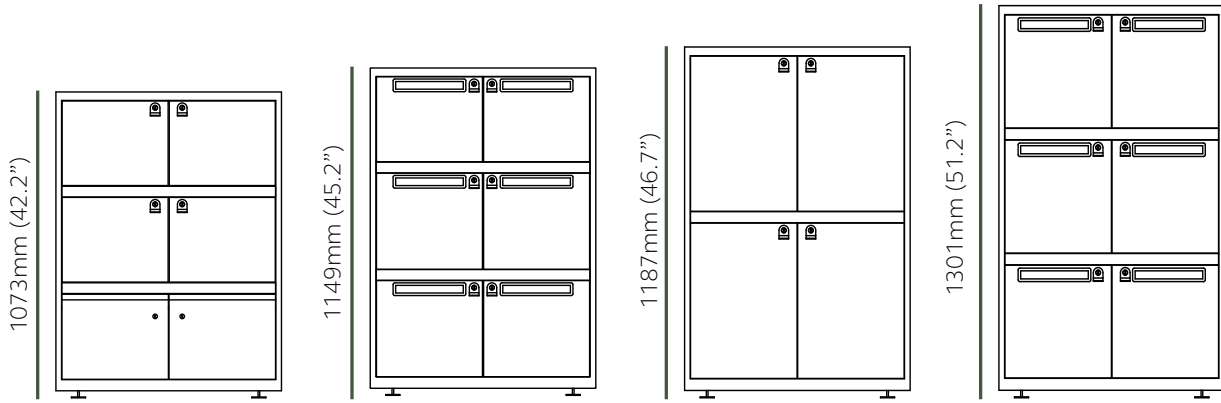

Five-year guarantee.

Made in the UK.
